## MESSAGE OF PRESIDENT-ELECT

*Dr Manjunath Shenoy*

President Elect

Dear IADVLites,

Season's greetings.

I am immensely grateful to the members of IADVL for electing me to the post of President elect 2023. It is my promise to continue the good work of the previous offices, and to venture into new activities for the member welfare.

IADVL has been witnessing constant growth every year due to which the activities of the association has been expanding. This has been possible due to the commitment of the office bearers of IADVL at the national, state and city-branch levels, and by the hard work of the academy and committees. Completing 50 years as an association is a milestone, and the golden jubilee year has been celebrated with enormous number of popular activities under the dynamic leadership of Dr Rashmi Sarkar. I congratulate her upon her successful and memorable tenure. I consider myself lucky to be a part of the EC under the presidentship of Dr Vijay Zawar, another dynamic and passionate leader with innovative ideas.

Our vision and mission is centered around the active advocacy for the welfare of its members. Currently association has been providing the high-quality academic programs and activities dedicated towards practice management. Our efforts will continue towards our vision and will come up with activities beyond academics.

Long live IADVL

Warm regards,  
**Dr Manjunath Shenoy**  
President Elect

## MESSAGE OF IMMEDIATE PAST PRESIDENT

*Dr Rashmi Sarkar*

Immediate Past President IADVL

Dear IADVL members,

On stepping down as President IADVL 2022, I would like to convey a heartfelt thanks to all EC IADVL 2022 members, Committee Chairs, Conveners, Members, Academy Chair, Dr Lalit Gupta, Convener, Dr Rashmi Jindal, Academy members, SIGs for meaningful work, over and above what they were supposed to achieve. I thank Dr Jayadev Betkerur, President IADVL 2021, Dr Vijay Zavar, President IADVL 2023, VPs, Dr Nirmala Devi, Dr Vineet Relhan, Joint Secretaries, Dr Indrani Dey and Atotha Kavitha. I appreciate the collaborative work and support I received, day and night, from Secretary, Dr Dinesh Kumar Devaraj and Treasurer, Dr Savitha Somaiah. Overall, we had elaborate discussions and I hope the younger members will have benefitted by becoming leaders of tomorrow. But a big appreciation for all members, who participated the whole year around in 2022-23 in IADVL activities including Golden Jubilee activities. If we could have a meaningful and interesting year, it was not “me” but “we” who did it together. Thanks for joining hands to make a stronger IADVL!

I have to say, I started at a period when Covid was in its fourth wave with an e Dermacon at Jaipur. There was a great uncertainty faced by Mid Dermacon Lucknow and Dermacon International Mumbai organisers. There was challenge of post Covid funding uncertainties and also changed scenario of industry participation. We have held several meetings with the conference organisers, CFC, auditor and event managers to try and encourage them. I hope we could help. We are happy to have contributed to the funds of IADVL for its various activities.

We were also handed down the legacy of a huge ITR penalty, but working collectively with the CFC, auditor and Mid Dermacon Lucknow team, personal good offices of a few of us, we finally were able to somewhat help things!

We were able to release the new Constitution, SOP booklet for the second time, Textbook of Pemphigus and AIBD, Parental guidelines for Pediatric Dermatological disorders downloadable for your patients with a QR code. Happy also to release keepsakes for Golden Jubilee year - the Coffee table history book, the story book "Reflections" by members, a certificate of member appreciation and special cover by Postal department for us members. Also the launch of the new IADVL Journal, Indian Journal of Post Graduate Dermatology (IJPGD), for the post graduates and their teachers. And the 50 Golden Jubilee podcasts! Also a wonderful Community Dermatology week and extensive media cell activities with the campaign "The dermatologist is your true skin and hair expert" to keep it simple.

Many of us lost our near and dear ones in Covid 19 pandemic and we needed to build back joy in the profession which we did with "Dermatalent" committee with making you discover your extra curricular side of poetry, singing, dancing, playing cricket.

For helping you for certification or accreditation for your stand alone Dermatology clinics, the IADVL NABH Task force worked hard and we are on a pilot clinic run to test waters. This is voluntary.

We made international collaborations too.

The IADVL Guruderma Mentorship program has brought to work many, very senior dermatologists who may not have centres but lots of medical dermatology knowledge, practice management and hand holding skills to impart and mentees who could get the much needed seniors.

I enjoyed interacting with all of you and learnt a lot from you how to help our vast membership. I had a great time working with State Presidents and Secretaries. Coming face to face with members in "Talk to the President" on Zoom open platform, made us learn the areas we can improve on!

Thanks a lot for a large participation of young and senior, women and men members.

I will always be available to help and be a resource person for IADVL. Indeed we made our 365 days like 730 days, we loved doing our enjoyable team work!

The journey continues....

Long live IADVL!

Warm regards,  
**Dr Rashmi Sarkar**

Also, doing this in the most exquisite, luxurious venue having huge conference hall concourses, following international standards was another important aspect to work on.

DERMACON International 2023 congress was an amalgamation of various reputed global societies meeting together; planned meticulously. While the venue was world class but to suit the scientific plan of having 14 Scientific Halls, the infrastructure, acoustics, the whole setup and construction of the same was planned aptly.

The conference proved to be one of the biggest Dermacon done by the IADVL and one of the largest medical conference ever happened in Mumbai.

- 6. **FOC (Finance Overseeing Committee)REPORT: This was presented by Dr. Savitha AS:**

## Discussions in the house :

- The recommendations as given in the report only will be taken as proposals. Physical audit was done at Pune by auditor, Dr. Sanjay Labh.
- **Dr. Narendra patwadhan** : We saved a considerable amount of money. We did not know last date. But that got known from EC. Physical audit was done after 3 years. we gave them all the documents and in spite of that we got email that these things were lacking
- **Sanjay Labh** : our team visited Pune for physical audit of Dermacon Pune accounts but I made enquiry about the local accountant because in presence of accountant, the audit is fruitful. No accountant was available. All points given in the report are discussed with the organizing team .
- **Dr. Amit Kelkar** : the audit was held after 3 years, we had the accountant with us for 1 year but then the accountant left Pune and the office. That is the reason we did not have an accountant. But all of us from Organizing team was always there in the 3 days of audit and furnished everything that was needed. Till date a GST query has not come for the accounts but it is just a preparation which may arise in case a query comes, we should be prepared for. It is 1 crore 55 lacs . but for each point we have solutions and supporting documents. Most of it because of GST REVERSAL.
- **Dr. Rashmi Sarkar** : why was this audit not completed in 2021. Dr. Rakesh SV can answer
- **Dr. Rakesh S V** : we gave a mail to OC , Dermacon Pune on June 2020 to send the auditor
- **Dr. Amit Kelkar** : It was peak COVID and everything was closed. We hadn't received anything from Pharma and after that when we had the data with us, no attempt was made from EC or auditor
- **Dr. Rashmi Sarkar** : I am sure that attempts were made by the EC consistently to reach out and solve the problem, so it is not correct to comment that no attempt was made
- **Dr. Vijay Zawar** : what is clear with discussion with auditor is that the CA should always be traceable or there has to be a back up with the OC of national conferences. The audit queries may land up anytime upto 6 years after submission of the IT report. So the records should be there
- **Dr. Venkataram Mysore** : This happened in 2019 when COVID was not there . the local team is supposed to send monthly report to the auditor. Did the auditor ask for it.
- **Sanjay Labh** : I did not receive any monthly document from the team. GST was filed by the local accountant . I did not receive any
- **Dr. Rakesh SV** : COVID was very much there when the returns had to be filed . even when date was extended to February, then also COVID was very much there and offices were shut down
- **Dr. Sashikumar BM** : two companies, SYSTOPIC AND GSK act differently. They take the final invoice. After 6 months, they deposit the amount minus GST. The GST amount comes much later. This they have done in many conferences. Though shown in 2019, they actually received the amount in 2022. Because of this disparity, it got delayed.
- **Dr. Jayadev Betkerur** : to avoid this late report sending and discrepancy , decision was taken to hold an orientation programme with the organizers of national conferences by the auditor on steps to follow to avoid such future IT mishaps online or physical as soon as the venue is selected . in next EC meeting it will be done.
- **Dr. Feroz** : the FOC Report was biased and prejudiced to malign our good name for reasons unknown to us . Page no 2 , observations: we were not given written questionnaire and written answers were also not given . we were denied the basic rights. This questions the FOC report
- **Dr. Rakesh SV** : FOC mentioned that a sense of urgency was not shown by the EC , OC Dermacon Pune. I would like to state the COVID is an extraordinary unprecedented event. If the IT department could see the COVID as a genuine reason, I wonder why our own people could not see to it. And regarding the sense of urgency, the 20-25 paged documents I provided the FOC, the detailed e mails from MAY 2020 when I took over as treasurer, the series of mails I have written as reminder 1, 2, was enough evidence of urgency, I was the single point of contact for the EC.

By September 2020, we had solved 80 % of the problem and rectifications were finished by November but due to GST part we could not file. On March 3 rd we called a urgent meeting but unfortunately the auditors office at Pune was closed. So stating that a sense of urgency was not there is not right for FOC. Also in June , we sent request for physical audit but could not be done due to shut down due to COVID. Also in November we called up to fix an audit date but they were in the process of doing it . we kept contacting and sending mails to only Pune Dermacon team but also the MIDDERMACON Patna and MIDDERMACON, Chennai teams as well. Whatever was not responded by mails, were attended by phone calls made by Dr. Feroz to the concerned party

- **Dr. Feroz** : Regarding “ Finances being not managed by full attention” and “ Handsoff approach of EC “ . This belittles the hard work and consistent efforts of EC to collect money from Pharma . President, Secretary, Treasurer, Academy Chairperson.. so many people work for it . so it is very unfortunate to see such statements like “ concerned with academy events and collecting money” but they forget the successful conduct of e DERMACON 2021 by the EC with collection of more than 2 crore and by conducting e DERMACON in Bengaluru we saved a GST amount of 55 laks which was due to the previous DERMACON . The FOC is silent in these matters
- **Dr. Rakesh SV** : May I remind the house also that e DERMACON 2021 was conducted in February 2021 during the time of filing of IT returns of both the years together 2020 and 2021. During the storm of COVID it was conducted and I was working also as treasurer of e DERMACON . During all these we conducted meeting for the IT filing
- **Dr. Rashmi Sarkar** : Sometimes after the conferences, auditors send mails but is not received well. Even Treasurer’s mails are not answered at times. Finally the President has to write. The Secretary already is handling a lot of works. So its important that the organizers understand this and respond.
- **Dr. Rakesh SV** : The FOC mentioned that I did not blame anyone. I did it because the organizers did respond but they were not responding to the satisfaction of the auditor. Sometimes it was Pharma Company office shutdown or local Accountant’s office shut down or Amit himself was struck with COVID . because COVID was spread over the 3 years , it affected various places at various times
- **Dr. Rakesh SV** : “the committee appreciates Dr. Rakesh’s accepting his share of shortcomings in the current crisis without blaming..”. I never accepted my shortcomings. Forwarded each and every mail of the auditor to the concerned. sometimes through calls we try to link up the two auditors with each other as we as doctors don’t understand some points . Next I would like to draw the attention to the line “ Dr. Rakesh was not adequately supported by the erstwhile Secretary and President ...”. I have absolutely not made any comment like this from my side . I have been adequately and fully supported. I don’t know how the FOC got the idea that they have not supported me. I was the point of contact. All mails were made by me but the President and Secretary were in the loop in all the mails and then its no point to send a second mail. It is better to call and put things across verbally by the President and Secretary. This has been done.
- **Dr. Feroz** : Usually after treasurer mails, Secretary/President used to call up the concerned team to send the required documents and they started sending. Why for everything mail is needed. Just because mails were not there from us, they say we have not supported. What about the phone calls. So we conclude that the observations and recommendations of the FOC were done out of imagination and were not factual and was extremely biased and defamatory. We had approached the arbitration committee for this.
- **Arbitration committee** : Read out by Dr. Savitha AS
  1. The FOC report can be submitted citing the various procedural lapses and recommending corrective measures though it is an advisory committee
  2. The action against any members can only be recommended by a disciplinary committee. The FOC recommendations on this are beyond the scope of the committee
  3. The recommendations of the FOC should be restricted only to observations and disciplinary actions if needed should be left to the discretion of the disciplinary committee.

- **Dr. Rashmi Sarkar** : They have been very clear on what is to be presented. But we have taken out the entire observations and the road ahead is being presented as proposals. The EC has tried to contact everyone concerned in person and tried to solve the IT issue also. Following the condonation of the IT penalty, the matter has been solved and the observations have not come out anywhere.
- Dr. Jayadev Betkerur urged the house to absolve the matter with due understanding and also mentioned that any EC after taking charge not only tackles the issues of its tenure but also the previous tenures and hence is always burdened. The same happened with Dr Feroz and Dr. Rakesh in extremely difficult COVID times.
- **Dr. Savitha AS** : What about the transfer of State share of DERMACON Pune money to Maharashtra branch.

**After discussion in the house** : the house decided that the supporting documents regarding GST discrepancy has to be placed by Treasurer, DERMACON PUNE to the auditor and let him verify the reports. If reports are okay, then it can be placed before the CC meeting for consideration to transfer the Maharashtra State share with a clause that if the GST liability arises it has to be shared equally by the branch.

- Dr. Rajib Gogoi raised the question as to whether the present auditor is to be changed or continued till the liabilities are absolved.

Dr. Rashmi Sarkar along with treasurer Dr. Savitha AS jointly agreed that he has been functioning satisfactorily and the present auditor needs to continue in the present scenario.

- **Dr. Venketaram Mysore** : We need to seriously look into the credibility and communication of the auditor. He has been IADVL Auditor since 2014 and it was important for him to understand the last date and impending penalties and communicate to the organizers. The present EC and CFC have to look into it seriously. If the GST scrutiny comes up they will not only look into Pune accounts, they are going to dig up the IADVL accounts also. IADVL is a 30 crore company and financially it has to function satisfactorily as per the IT department. Unless this is done , the conferences should use their own PAN and file GST on their own. To save 1 crore there is no point of putting 14 crores in stake.

The finance committee should take up this in the next CC meeting.

- **Dr. Vijay Zawar** : Should Conferences have their own PAN
- **Dr. Savitha AS** : Due to use of IADVL PAN, the income from the conferences have definitely gone up and we just need to streamline it.

**Dr. Rashmi Sarkar** : One word to the conference organizers is that they should respond to the mails from the auditor and treasurer. The Mou also has these and they should follow.

- a) **IADVL Academy of Dermatology by Dr. Lalit Gupta and Dr. Rashmi Jindal :** Report in Newsletter Dec 2022

It was passed by the house Proposer : Dr. Ankur Talwar. Seconder : Dr. K Mukkadam

**b) CFC Committee Report :** Presented by Dr. Savitha SV . Salient points included

CFC Recommendations :

- GST filing is complicated and as IADVL PAN is used, central IADVL is responsible for answering any queries which may arise. IADVL auditor to do GST filing of DERMACON accounts, local auditor can do the other accounting.
- FD account- 3 and 3.6% - to close them
- To change the SB account to Sweep account

- Permission to continue services of lawyer Mr Amitav with a 10% hike in salary

Comments from the House : Central Auditor will file the GST. This has to be henceforth put in the MOU of the conferences. The house passed the report. Proposed by Dr. Vinay Singh and Seconded by Dr. Asokan

**c) Constitution Committee report :** Presented by Dr. Anuradha KB . Salient points included :

- The updated constitution was released during the inaugural function of E-DERMACON 2022 at Jaipur on 4th February 2022.
- Opinion on the draft of Hyderabad DERMACON 2024 MoU: Arbitration committee of IADVL to be appointed by the AGBM and not external arbitrators in case of disputes Clear confirmation of disclosure of conflict of interest of main organizers The process to be adopted on conduct of DERMACON in force majeure.
- **Academy Task force recommendations to be incorporated in the constitution :** Reply from the constitution committee:  
Majority of the revision as per the recommendations of Academy task force shall come in Academy SOP, hence requested to share it with the SOP committee.  
SOP committee has incorporated the same in the updated SOP
- Change of dates of DERMACON 2023, International: Opinion of the constitution committee: The feasibility and dates of DERMACON are administrative issues.  
Hence EC and organizing committee of DERMACON International 2023 can proceed with the changed dates as considered feasible.  
However, since the previous dates were already approved by AGBM, constitution committee recommends that post facto ratification be obtained for the new dates by calling an EGBM with this agenda.
- **Recommendation on DERMACON dates :** The dates of DERMACON is an issue in which there is a lacuna, as constitution is silent on this issue- this can create confusion. Constitution committee recommends that a proposal be brought specifying at least the month/months during which DERMACON should be held
- **Opening a local branch account by the treasurer in a non-nationalised bank: Opinion of the constitution committee:** Constitution is categorical that the account can only be opened in a nationalized bank. Any change would therefore need a constitutional amendment as per laid down procedures. The committee notes that this matter was not brought in as a proposal in the agenda to the AGBM. Approving it now would mean bypassing the constitutional norms. Constitution committee recognises that there may be justifiable administrative and financial reasons for opening account in scheduled Bank. However, this has to be done through a constitutional amendment.
- The Constitution committee found a few deviations in the election circular announced on 15th May 2022, from the latest version of the constitution. This was brought to the notice of the President, Hon. Secretary General and Election Officer for necessary action.
- **Central Council Membership Strength:** A matter regarding the central council membership strength of states with less than 100 was referred to the constitution committee. The committee found that the Constitution specifies 5

central council members for the first 100 members and recommended this to be followed

However, the committee also recommended the executive committee to bring a proposal on the grading of the number of central council members when total number of members is less than 100.

- **Complaint raised by an IADVL member against an Election Candidate** : Recommendations were made quoting the relevant parts of the Constitution on this matter
- **Appeal to arbitration committee**: Constitution committee opined by quoting the relevant parts of the Constitution on a matter where an appeal to arbitration committee was submitted by members.
- **Updating of Constitution and SOP**: Constitution and SOP committees worked hand in hand to remove duplications and ambiguities in the Constitution and SOP and to update both documents
- The constitution committee submitted the opinion on the central council and annual general body meeting proposals.
- **Conditions of eligibility for President elect**: the committee propose that the word “degree” has to be removed from the conditions of eligibility for President elect.
- Various constitutional amendments (Proposal passed in in the midyear CCM 2021 and further approved in the combined CCM and AGBM, closing year 2021) were highlighted.

PROPOSAL - Referendum as a method of decision making for important and significant proposals: It is proposed that all proposals which are related to constitutional amendments, having major impact on policy matters and having long term consequences, all financial decisions above 10 lakhs be submitted to undergo following process:

Step1. They will all be submitted first to CCM (MID-DERMAMEET) as per the scheduled dates in constitution. This means that no proposal in above category will be submitted to AGBM directly and will have to be first submitted first to CCM. They will be referred to appropriate committees, along with EC opinion such as administrative/financial/ other committees for opinion

Step 2. The proposals with EC opinion and the concerned committee opinion will be circulated to CC members as per the current process in constitution and then placed for discussion in a separate session with appropriate time allotment to allow thorough discussions

Step 3. CCM after due thorough discussions will decide in any of the following ways:

1. To recommend for further approval in AGBM
2. To recommend for further rejection in AGBM
3. To recommend that this is a significant matter and hence deserves to be submitted to a referendum through e voting

All three choices will be presented to CCM and so the onus will be on CCM to recommend one of the three options  
If the proposal is recommended to be submitted to a referendum, the proposals with a brief summary of the discussions in CCM on pros and cons of the decision will be sent for e-voting along with election e-voting. It will go through the same process as DERMACON city bidding.

Members will be asked to vote for any one of the following options;

1. Agree with proposal
2. Disagree with proposal
3. Abstain from voting

After e-voting results are announced, the result will be announced in AGBM for ratification.

## Minutes of midyear CCM 2021

**CCM Discussion:** Dr Venkataram Mysore said it is important to discuss thoroughly with good participation ,so in AGBM quorum is less and in CCM attending members are more ,hence it will be discussed in detail and put up to AGBM for decision making. CCM should only recommend. Dr Deepak Parikh agreed. DR Rashmi Sarkar said it should

be simplified and amount matters also has been brought up. Dr Deepak Parikh said any proposal above 10 lakhs should be brought up to CCM. Dr Venkataram Mysore said now the amount is increased to 50 lakhs. Dr Rajeev asked whether it should go to AGBM for which Dr Venkataram Mysore said it should go to ratification. Dr Kiran Godse opined that everyone should attend AGBM. Dr Deepak Parikh said very few can attend but e-voting should be there and Dr Venkataram Mysore asked for quorum. Dr Venkataram Mysore said CCM should decide to go for evoting as every proposal cannot go for e-voting directly Proposal Passed.

Proposed :Dr Tarun Mittal, Seconded : Dr Raghunandan Thakur

The proposal states 10 lakhs. The minutes of discussions states 50 lakhs. Then the minutes just states the proposal is passed without mentioning the modification that formed during the discussion of the proposal Hence this requires a correction. Also shows that there is need for more diligence at all times

- **Minutes of CCM Proposals for ratification in AGBM Closing year 2021:**

1. Decision making in IADVL: e-voting for important decisions of IADVL.

Dr Venkataram Mysore said it goes to CCM, discuss in depth , accept or go for e-voting .

Passed

Proposed : Dr Indrani Dey

Seconded : Dr Vikas Shankar

- **Procedure for referral to arbitration committee:** There is a lack of clarity in the procedure for referral to arbitration committee in the constitution and SOP. The following ambiguities exist:

What is the procedure for making a referral to arbitration committee ? Who should decide the terms of referral ?

Should the arbitration be always between two parties? How do you define the parties?

Should an appeal to the arbitration committee go through the EC or can a member directly do so?

Can an appeal be made before the matter is discussed in the CCM/AGBM or should it be after the discussion of the matter in the CCM/AGBM? Can a member appeal to arbitration committee against the decision of GB?

Recommendation of Constitution Committee: The Constitution and

SOP committees may formulate an SOP on the procedure of referral to arbitration committee which after approval in next AGBM may be incorporated in SOP

<p><b>Comments from the house :</b> Passed by the house. The House directed the EC to draw up a process of referral to the Arbitration Committee with the help of SOP and Constitution Committee to be subsequently incorporated in the Constitution of IADVL . Proposer: Dr Vinay Singh, Seconder Dr RajyaLakshmi K</p>

- d) **SOP Committee report : Presented by Dr. RajyaLakshmi K . Salient points :**

- SOPs and Constitution amendments had existed as two different documents where the reference of a matter was cumbersome which leads to difficulty in revision and also leads to duplications and confusion. So it was thought that maintaining Constitution amendments and SOPs in the same book will make it handy and convenient. So, in 2021, it was decided that the constitution committee and SOP committee shall work in close coordination, with one member from each committee working on a specific relevant area to make changes.
- Members of Constitution Committee and SOP Committee are requested to work in a buddy system, go through their respective topics, identify duplications and ambiguities and come up with suggestions for rectification of the flaws.
- SOP committee Members were introduced and topics were allotted to all the members and informed about the corresponding person in Constitution committee popularly called the “ Buddy System”
- SOP,s of Guruderma-An IADVL Mentorship programme , IADVL National Dermatology Quiz for Undergraduates were added.
- SOP,s of IADVL Welfare Schemes: Benevolent Fund and Personal Accident Relief Fund are added as addendums.

- All existing SOP's were updated with relevant changes .
- We compared the draft of SOP with constitution draft , removed duplications, few relevant clauses were shared with constitution committee to be added into constitution and few clauses brought to SOP's . To avoid confusion we have written in brackets wherever necessary to refer to constitution , para,clause and section on advise by Dr Venkataram Mysore sir.
- After preparing the draft, pages were numbered and index was added , thus completed the final draft of SOP 2022.
- It has been sent to EC which was put up on website by Hon.Secretary General Dr Dinesh Kumar Devaraj for all our members to go through it. It will be put up in AGBM for ratification.
- There were few points to be added as per advice of Dr K A Seetharam sir which were approved in last AGBM like Selection process of Chairperson and Convener Academy Few changes in awards Amount of pg thesis award added Thesis award evaluation done by IADVL SIG DCR

## 15. CONSIDERATIONS OF VARIOUS PROPOSALS 2022 :

## 16. IADVL PROPOSALS PASSED IN THE CENTRAL COUNCIL MEETING- 2022

Proposal 1 Title of Proposal – IADVL Strategic Planning Draft-Vision and Mission for adoption Name of proposer/s-6(1+5) members (LM nos) Proposer: Dr Rashmi Sarkar (LM/ND/1543), Seconded by: Dr Vijay Zawar (LM/M/ 942), Dr Dinesh Kumar D (LM/ TN/5354), Dr Savitha A S (LM/KN/5761), Dr Kiran Godse(LM/M/701), Dr Jayadev Betkerur (LM/KN/2009), Dr Athota Kavitha(LM/AP/2676)

Is any one of the proposer members of CC? Yes

Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view – Constitutional.

How will it help IADVL? For the progress of any association including a dermatological one, a refreshing of the vision, mission and actionable is important to keep it pertinent with changing times, and also planning out the next few years. Such a strategic planning including the IADVL Leadership is rather important as IADVL completes 50 years and needs to look ahead.

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause Yes, mission and vision, Page 8.

**Proposal:** As a part of the Presidential initiative of the Golden Jubilee Year 2022, a first-time team Strategic Planning for IADVL was taken up with members of IADVL EC 2022, Chairs and Conveners of all Committees with a Global Leadership Coach. There was intensive brainstorming. This was a two and a half hours discussion over 7 weeks to come out with freshened Mission, Vision, Values, Actionable for IADVL for next few years. A large number of the mentioned members participated enthusiastically with 2 breakout sessions. A draft has been prepared which has then been circulated to all IADVL members for suggestions’ suggestions have then been incorporated and the draft is ready to be adopted for future use. It is now being presented for mission and vision to be adopted. We would like the mission and vision to be adopted as discussed.

**VISION -** IADVL will continuously aspire to be a technologically adept role model of influence for its members & stakeholders in Dermatology through empowering knowledge, research, practice management and community awareness. Furthermore, IADVL shall ensure consistent internal stakeholder leadership-building endeavors and promote the cause of memberships through high quality services & opportunities, and liaison for influence in all aspects of Dermatology education & therapeutic skin care, thus achieving its overall strategic global leadership position through international collaboration.

**MISSION -** IADVL shall endeavor as a knowledge pioneer to enable, educate, mentor & empower its members through authentic best-in-class specialty research. It will establish world-class standard-setting best In Practices in Dermatology, Venereology and Leprology to help build competent, dignified, global, future-ready dermatologists. IADVL shall continuously strive to implement Dermatology specific policies & outcomes in collaboration, coordination & co-operation with the Government and national and international organizations, thus augmenting patient care while removing misinformation and social stigma associated with certain diseases. IADVL shall aim to evolve as a role model in community & stakeholders’ empowerment while ensuring member welfare. Do you think this needs referral to any specific committee? This is a draft already made by all the IADVL Committees put together including

EC and Constitution Committee. Sent to all members. And now to Constitution Committee. Constitution committee opinion: This proposal can be taken up in CCM but the following comments are to be considered: It is mentioned in the proposal that "This is a draft already made by all the IADVL Committees put together including EC and Constitution Committee." Though the Constitution committee Chairperson and Convener were invited to participate in the discussions on IADVL Strategic planning, the Constitution Committee was not part of the discussion in an official capacity in preparation of the draft of the document. Hence, the proposal has to go through the same process as per any proposal and the CCM/AGBM will have the authority to recommend/change the draft as per the views of the members. CC OPINION: Dr. Suresh Joshipura commented that this was a nice initiative. Dr. Rajeev Sharma said that it should be popularized. Dr. Rashmi Sarkar informed that the proposal was put on IADVL website and also sent to all members for their opinions and their inputs were incorporated. The CC passed the proposal. It was Proposed: Dr Jayakar Thomas, Seconded: Dr K. Mukadam

**CLOSING AGBM 2023 DECISION:** This proposal was passed. Proposer: Dr. Vinay Singh , Secunder : Dr. Aditya

PROPOSAL 2 Title of Proposal – IADVL Committees to be added to IADVL Standing Committees

Name of proposer/s-6(1+5) members (LM nos) Proposer: Dr Rashmi Sarkar (LM/ND/1543), Seconded by: Dr Vijay Zawar (LM/M/ 942), Dr Jayadev Betkerur(LM/KN/2009),Dr Dinesh Kumar D (LM/TN/5354), Dr Savitha A S (LM/KN/5761), Dr Kiran Godse(LM/M/701)

Is any one of the proposer members of CC? Yes

Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view – Constitutional How will it help IADVL? There are certain committees in IADVL which do not appear as Standing Committees and stand the risk of being lost in continuity over the years. It is important to continue the good work of IADVL over the years. If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. No

**Proposal:** It is proposed to adopt the Dermatalent Committee started in 2015 and IADVL Mentorship Committee started in 2014 and also IADVL Leadership Pipeline Committee in 2022, important in preparing future leadership in IADVL as standing committees in IADVL. All these are member centric and have received a very good response from members Do you think this needs referral to any specific committee? Constitution Committee Constitution committee opinion: Proposal is as per the Constitution and can be taken up. CCM opinion: Dr Raghunatha Reddy asked whether there was a need of Dermatalent Committee to be a standing committee. Dr. Rashmi Sarkar replied that it was a good committee and needs to maintain continuity. If not standing committee, it is lost. Dr.Deepika Pandhi enquired on the exact role of the committee and also she opined that if we could define the committee role then overlap /duplication of committees can be avoided. She felt that SOPs can be drawn and shared with the members so that people are aware what is observership and mentorship. Dr. Rashmi Sarkar said that the mentorship proposal was there since 2014 and members are aware of this. Dr. Sarkar also added that Mentorship program was not akin to Observership centers and the mentorship program involved mentoring in Academics, profession, career, Practice management and also life tips ad had long lasting implications. Dr. Saloni Katoch informed the house that the Mentorship programme is giving back to IADVL by the willing seniors and the mentees had a lot to learn from it. Additionally, it is virtual from any part of the country it can be learnt from the comfort of their homes/ office itself.

From the CC this was passed. Proposed by Dr. Amit Malhotra and Seconded by Dr. Sunil Varthak

## CLOSING AGBM 2023 DISCUSSION:

**Dr. Vijay Zawar :** These were active last year as part of Golden Jubilee Year are we going to continue them as standing committee

**Dr. Rashmi Sarkar :** IADVL mentorship Commiittee has been there since 2015 and not part of Golden Jubilee only . Dermatalent committee was introduced during the tenure of Dr. Venkataram Mysore. Mentorship Committee has a SOP in place. Last Year we did it in virtual mode. Not any financial burden. People who have been part of the

mentorship committee has vouch for it that the committee was a huge success.

**Dr. Vijay Zawar :** Financial Stake was there.

**Dr. Rashmi Sarkar:** The Financial stake was passed by the GB and we could raise the money. Someone from the mentorship committee Dr. Sunil Dogra can talk about the committee , what it has done. Leadership Pipeline was introduced last year and we did it in virtual mode. We can have mentors from ourselves only we don't need for that

**Dr. Sashikumar :** Already there are so many committees . These committees are for a particular task. If a president wants to continue the task or not. If a president wants he can start his own activity , he can start. Whether he can generate funds for the task, the new president will decide. But once a committee is given a status of a standing committee like CFC or Constitution committee, it becomes mandatory to continue the committee

**Dr. Rashmi Sarkar :** Agree, but it has already been passed in the CC meeting

**Dr. Sunil Dogra :** This Committee is in line with what several International Societies like AAD are following. And what feed back we found from the attendees is that they found it very useful and mentors were very satisfied. Financial part is for you to discuss but otherwise it was very successful

**Dr. Rashmi Sarkar:** In a age where we are wanting to go international, it is sad to see that the mentorship committee is not getting its due place.

**Dr. Vijay Zawar :** Put it to vote

**Dr. Rashmi Sarkar :** Let it continue , may be not as standing committee. Putting it to vote as to whether it should continue or not is very sad when it has been of immense use to many.

**Dr. Ramesh Bhat :** Standing Committee has to be in constitution

**Dr. Rajetha Demishetty :** Mentorship Committee is extremely useful and we should have it. There are many post graduates who do not have the opportunity to learn from great teachers and such informal learning helps them a lot. If financial burden is there take it off, there will be many mentors who will be ready to mentor without any charge. But it has to be there.

**Dr. Vijay Zawar :** There is a feedback from any members across India that the selection of mentors and mentees was not in consonance of the minutes. People were critical of these two committees during the tenure of Dr. Rashmi Sarkar: The Mentorship Committee and Leadership Committee.

**Dr. Rashmi Sarkar :** Every proposal from the EC should be agreed and discussed and the EC should come together on this. It should not come as a nasty shock on the floor of the GB. Mentors are taken from people who have applied and we have taken up almost everyone who have applied except may be two or three who do not fit the bill. Mentees have been chosen from 122 according to whatever credentials they have. We also had a second round. Its not done by me . it done by the committee.

**Dr. Sashikumar :** Let the new EC decide whether to go ahead with the committee

**Dr. Manjunath Shenoy :** Let it be called a taskforce before giving stature as a committee

**Dr. Rashmi Sarkar :** Mentorship cannot be a taskforce

**Dr. Manjunath Shenoy :** Every President takes some task into hand which the next President might not want to continue. So taskforce is better used. Committee becomes obligatory.

**Dr. Preethi Nayak :** Mentorship has been extremely useful for me

**Dr. Archana Singhal :** I am not from mentorship committee . not a mentor not a mentee but I am the first mentor of the Asian Gloderm Committee. I applied and the mentee was matched. It is a simple. It has nothing partial about it.

**Dr. Rashmi Sarkar :** It is something that can be done virtually. If you do not want it as a standing committee it is fine. But it should continue

**Dr. Dinesh Kumar :** The question is whether we should have it as Standing Committee or not ?

**Dr. Vijay Zawar :** we are still experimenting on it. Let us not give it a status of a standing committee

**Dr. Rashmi Sarkar :** Let us continue. Not as Standing committee

**Dr. Vijay Zawar :** You might have been able to gather funds from the industry but I may not be able and in which case it will be taxing on IADVL. So if we talk of keeping a mentorship committee then do not keep it as a standing committee and remove financial stakes

**Dr. Rashmi Sarkar :** The finances raised were not much. It was 10,000 for 20 people and it was passed. Continue it virtually. It does not need money. So probably we should pass it as a committee but not a standing committee. Can we pass it.

CLOSING GB M 2023 DECISION: IADVL Mentorship committee and Dermatology to continue. Leadership pipeline committee to be discontinued. Passed as Committees but not Standing Committees. Passed by Dr. Yogesh Marfatia and Dr. Archana Singhal.

### **PROPOSAL 3 Title of Proposal – IADVL Strategic Planning and Development Committee**

Name of proposer/s- 6(1+5) members (LM nos) Dr Rashmi Sarkar (LM/ND/1543), Seconded by: Dr Vijay Zawar (LM/M/ 942), Dr Jayadev Betkerur(LM/KN/2009), Dr Dinesh Kumar D(LM/TN/5354), Dr Savitha A S (LM/KN/5761), Dr Kiran Godse(LM/M/701), Dr Suresh Talwar(LM/UP/2329) Is any one of the proposer members of CC? Yes Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept EC's view – Constitutional.

**How will it help IADVL? Background:** Currently decision-making process involves 1. EC with different committees 2. Central Council 3. AGBM 4. Referendum Strategic planning development and implementation in the future based is to be based on present situation and past experiences needs continuity of thought and planning, to ensure effective development and implementation. Since term of office of EC and most committees is one-year (except Academy, Central Finance Committee and Constitution Committee) continuity is often lost, leading to arbitrary planning and haphazard implementation as can be noted by sudden introduction of new projects and also withdrawal of projects, many times in the past. Central Council ensures continuity, but is a large body and has tended to focus more on reacting to issues and overseeing committee. A large part of the CCM is taken up in committee reports with little discussion on strategic planning. Hence there is need for another body which will oversee planning for 3-4 years period. This idea is not new and has been discussed in the past.

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. No

**Proposal :** We propose a strategic planning and development committee for better organization and continuity in IADVL. Members Ex-officio: Three Presidents including IPP and Elect; Secretary General; Treasurer; Current President or a Past President proposed by him/her will act as Chairperson and Secretary as convener. Current committee chairs and editors may be invited as guest members as and when the matter arises. Members: Presidents of ten previous years+ past secretary, past treasurer. This will mean every year one president will exit; every two years, one secretary and treasurer will exit. Two other past Presidents can be nominated by current President. The committee will meet three times a year: DERMACON, EC meeting and Central Council meeting or just preceding it; it will meet at least for 4 hours. Additional meeting may be arranged on web. Tasks: 1. Discuss a plan of action for next four years in any and all areas of interest to IADVL; a) Programs and activities including conferences, committee works, publications b) Financial management and investment planning c) Legal issues d) Governmental issues e) Welfare issues f) Office management g) International issues including international congresses h) Industry issues The committee may form subcommittees in each of these areas. The committee will make recommendations to EC, CC and AGBM. Do you think this needs referral to any specific committee? Constitution committee Constitution committee opinion: Proposal is as per the Constitution and can be taken up.

**CC OPINION:** Dr. Biju Vasudevan: It is futuristic. Will it decide what CC will do? Dr. Rashmi Sarkar: It will be an advisory body to guide the actions. It does not change the CC meeting. Like in abroad, President's breakfast meet discussions

are done, it would be like that or like Secretary's meet. Important things can be brain stormed prior to EC/CC/AGBM meetings. These meetings can also be done in Zoom platform. Way to going forward. Dr. Mukadam K: it is a visionary step. Such reforms are always needed. Dr. Rashmi Sarkar: Its already being done unofficially. A lot of stumbling blocks are resolved by discussions. We are now making it visual to all by forming an official committee for it. Committee's report will be handed over for discussion. Dr. Venkataram Mysore: This will be like any other committee. It is a welcome initiative. What is unofficial is made official. We can make it a Standing committee. This was passed in the CCM. Proposed by Dr. Biju Vasudevan and Seconded by Dr. Vikas Shankar Proposal

#### Closing AGBM 2023 Discussion:

**Dr. Vijay Zawar :** Though this was passed in the CC, I doubt whether the members in the CC knew about the functioning of this committee. we are forming an umbrella committee which will see A to Z activity. If we remove A to Z from a president tenure, what is left. It should be the autonomy of the President to work and it raises concern for next president Dr. Manjunath Shenoy also.

**Dr. Rashmi Sarkar :** You were the coproposer here.

**Dr. Vijay Zawar :** It was not made clear to me. The implications

**Dr. Rashmi Sarkar :** It is strange that some of the people who are against the proposal are co proposers and this is not welcome.

**Dr. Ramesh Bhat :** this move will create overlap of the function of the EC

**Dr. Vijay Zawar :** We are taking advice from every past president who have worked for IADVL taking guidance on how to work . Do we need to form such kind of committee who will overlook all the administrative work of the existing committee

**Dr. Rashmi Sarkar:** This is a thing like we have a President breakfast or a Secretary Breakfast

**Dr. Kuriyipe :** Not many committees were in the past . So we used to have one good fruitful meeting and decisions were taken. No need further committees. These meetings are the ultimate decision makers. Forget about the committees. In this one year let us work to make IADVL powerful.

#### 4 Title of Proposal – Conducting Central Council Meetings and AGBMs

Name of proposer/s-6(1+5) members (LM nos) Proposer: Dr Rashmi Sarkar (LM/ND/1543), Seconded by: Dr Vijay Zawar (LM/M/ 942), Dr Jayadev Betkerur(LM/KN/2009),Dr Dinesh Kumar D(LM/TN/5354), Dr Savitha A S (LM/KN/5761), Dr Athota Kavitha(LM/AP/2676) Is any one of the proposer members of CC? Yes Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view – Constitutional How will it help IADVL? Currently a lot of time is being taken up in reading of committee reports, leaving little time for discussion of serious issues. This despite availability of other media for communication such as WhatsApp groups, emails and website.

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. No

**Proposal :** We propose the following 1. All reports including Secretary and Treasurer, Academy reports will be sent prior through WhatsApp official groups, emails to members and placed on website, 2-3 times in the weeks prior to the CCM and AGBM. Proposals will follow their current system as defined in the constitution 2. During the meetings: Secretary will announce that all reports are placed and circulated and open discussion for any questions by members. There will not be any reading of the report. The committee chair and EC will reply to these questions. The committee chair/EC may then raise specific proposals issues which are of importance to seek approvals. However, this does not apply to Secretary and Treasurer report which will be presented in detail separately 3. Central council duration also needs to be better utilized; Friday EC, some committees and state branches meetings Saturday morning: committees and strategic development committee meeting Saturday afternoon to Sunday morning: central council meeting. Total at least 10 hours CA, Financial advisor and legal advisor will be invited to meeting Do you think this needs referral to any specific committee? Constitution committee Constitution committee opinion: This can be taken up with one modification. Editor's report, finance committee report, constitution committee report (if any) should also be taken up specifically after Secretary's and Treasurer's reports. The procedure as mentioned in the proposal can be applied to all other committees.

**CC OPINION** : Dr. Manish Gautam: Would the Committees Chairs and Conveners be coming if they don't have presentation? Dr. Rashmi Sarkar: This might happen. Lesser people may come. But everything has Pros and cons. But people will have time to read through the reports and come. We have more time for discussion. Dr.Venkataram Mysore : Committees in their reports read what they have done. They don't come with the challenges, issues and guidance. These should be there in any Committee report. Consent agenda and Discussion agenda should be there. Dr.Vijay Zawar: We should prepare a specific format of presentation of the committee report. The Chairs and Conveners then there will be in a better position to present accordingly. Dr. Rajeev Sharma: We need to have a good discussion in the CCM. What is the role of CC members today? Should we scrap the CC system? States are asked to give the state list of CC members who can attend? All CC members are nor included because if any legal issues arises then we fall under problem because all were not there in decision making. They couldn't participate in discussion. Dr.Dinesh Kumar : Every state has members. They can spend and come. Dr. V P Kuriyipe Informed about how past situations were handled. These meetings need real decision-making people. Not so many committees are needed. Dr. Koushik Lahiri: The ruling that Past Presidents and Secretary can longer be in CC after 5 years cannot be done. A proposal has to come to this effect. Dr.Dinesh Kumar clarified that since Last 2 years invitation is sent to all CC members to attend the CCM. Dr. Rashmi Sarkar: We are honoring whatever is there. Dr. Venkataram Mysore: I agree. In closing AGBMs, so many requirements in the committees. Prior circulation of the reports helps. CCM is limited to 1/3rd of the members. We can make a separate proposal to this effect. This was passed in CC by Dr. Venkataram Mysore and Seconded by Dr. K A Seetharam Proposal 5 & Proposal 8 were discussed together

#### **CLOSING AGBM 2023 DISCUSSION:**

Dr.Rashmi Sarkar : They can only discuss about the obstables Proposal 5 Title of Proposal – Appointment of Administrative/Executive Director for running IADVL Office Name of proposer/s-6(1+5) members (LM nos) Proposer: Dr Rashmi Sarkar (LM/ND/1543), Seconded by: Dr Vijay Zawar (LM//M/ 942),Dr Dinesh Kumar D (LM/TN/5354), Dr Savitha A S (LM/KN/5761), Dr Athota Kavitha(LM/AP/2676),Dr Kiran Godse(LM/M/701) Is any one of the proposer members of CC? Yes Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view – Administrative/Financial.

How will it help IADVL? It is important to have an Administrative Director to run IADVL office and help the IADVL President, Secretary and EC. This is because IADVL is now a 14000 strong member association and continuity and day to day running needs to be streamlined, not just depending on the passion and enthusiasm of the office bearers. We need to invest in our office staff. If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. No

Proposal: A search for an Administrative director should be started so that it can be implemented in the year of the next President IADVL. A working committee of President, President Elect, Immediate Past President, Secretary, Treasurer and three Past Presidents nominated by President, Past Secretary, Treasurer can look into this and start the work. A proposed budget of at least 25 lakhs a year is suggested as and when the work starts of the Staff. Do you think this needs referral to any specific committee? Constitution committee Constitution committee opinion: Proposal is as per the Constitution and can be taken up. But it also needs the approval of the Finance Committee particularly regarding the budget set aside for the administrative director. However, there is another proposal for appointing a CEO (proposal 9)- so both proposals can be taken up together, with proper delineation of duties of each position

CFC OPINION: • The responsibilities of the CEO / Executive Director over and above the duties of existing clerical and managerial staff needs to be clearly defined in the proposal. • About the financial aspect, CFC feels the Amount proposed as salary is too high

#### **CLOSING ABGM 2023 DISCUSSION:**

**Dr Jayadev Betkerur** : My opinion is that first the Secretary and Treasurer should find out what that person will do, then only you can appoint

**Dr.Ramesh Bhatt** : we need a central person in IADVL to look after Finances. Accountant specially . President ,

Secretary, Treasurer are supreme power. They will look after and work according to the principles of the constitution. The Role of such a person has to be defined beforehand because such a job has to be paid good and minimum qualification will be a MBA

Dr.Vijay Zawar : If we appoint such a person there should not be work overlap and conflict

Dr. Ramesh Bhatt : At the top will be the President, Secretary and Treasurer. Under them will be the CEO and all others will report to the CEO

Dr. Rashmi Sarkar : There will be a taskforce to look into it and develop the requirements of CEO.

Dr. Jayadev Betkerur : Give a timeline. Definitely by CCM

CLOSING AGBM 2023 DECISION: Not passed. To Prepare the Job Description of the CEO and place it in the CCM.

**Proposal 8 Title of Proposal: Appointing CEO for IADVL office Name of proposer/s-6(1+5) members (LM nos)**

**Proposer:** Dr Vijay Zawar: (LM/M/942), Seconded by: Dr Rashmi Sarkar: (LM/ND/1543) Dr Dinesh Kumar Devaraj (LM/TN/5354), Dr Savitha AS (LM/KN/5761), Dr Raghunatha Reddy, (LM/KN/ ) Dr Vineet Relhan (LM/ND/3780) Is any one of the proposer members of CC? -Yes Is it related to administrative/policy/constitutional (select one) -Yes, administrative OR I/we are not able to classify and accept ECs view -If incorrectly classified, will accept EC views.

How will it help IADVL? -This would help the smooth functioning of IADVL presidential office. Certain administrative and other tasks could be handled by a CEO. This would ease work pressures on the President and the EC. If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. -Not yet.

**Proposal :** Appointing CEO for IADVL office Do you think this needs referral to any specific committee? -Constitution and Central Finance committee Constitution committee opinion: This is an administrative matter. Please see the comment above on a similar proposal (proposal 5).

**CFC OPINION :** • The responsibilities of the CEO / Executive Director over and above the duties of existing clerical and managerial staff needs to be clearly defined in the proposal. • About the financial aspect, CFC feels the Amount proposed as salary is too high.

**CC opinion :** Dr. Vijay Zawar: Budget for the same was not suggested. Dr. Manas Chaterjee: CEO is a better designation. We should not give designation as director. Dr. Raghunatha Reddy: IADVL is growing and we are all professionals. There will always be issues on continuity. So it is really required to have somebody to monitor daily activities and coordinate with the EC, auditor, legal advisor. We need to choose with reasonable salary. Dr. Rashmi Sarkar: This is a futuristic step in IADVL administration. They have to have degree and experience. Salary should be at par the current trend. Suggested around 2 lakhs per month. Dr. Koushik Lahiri: Let's take up this step. CFC can take a call on the finances involved. Dr. Venkatram Mysore: Executive director is a position only if one has a board of directors which is not in our case. So we will be having an officer. In that case, Secretary is the CEO and we need to have a job description and define his role. Dr. Rashmi Sarkar: Operational role. Dr. VP Kuriyipe: To lessen our work it has to be taken. Salary should be good and decent otherwise they will leave job and continuity will not be maintained. Dr. Vijay Zawar summed up saying that Terminology of the post has to be defined whether Administrative Officer or Operational Manager. Salary has to worked out and be decent enough. This was passed in CCM. Proposed by Dr. V P Kuriyipe and Seconded by Dr. Koushik Lahiri.

## CLOSING AGBM 2023 COMMENTS : Along the same lines as Proposal 5

Proposal 6 Title of Proposal: Clinic Management Software

Name of proposer/s-6(1+5) members (LM nos) Proposer: Dr Vijay Zawar (LM/M/942), Seconded by: Dr Rashmi Sarkar: (LM/ND/1543), Dr Dinesh Kumar Devaraj (LM/TN/5354), Dr Kiran Godse (LM/M/701), Dr Venkatram Mysore (LM/KN/3211) Dr Savitha AS (LM/K/5761) Is any one of the proposer members of CC? –Yes, all. Is it related to administrative/policy/constitutional (select one) -Not sure OR I/we are not able to classify and accept ECs view - Accept EC views How will it help IADVL? Majority dermatologists in India are independent practitioners and run their clinics. The introduction of software program will ease their day to day functioning and would save their time and energy.

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. Not yet included in the constitution. Proposal: To provide a Clinic Software to all members through IADVL. This software would be developed with inputs from IADVL Team and will be provided at subsidized rate to all Life members.

Do you think this needs referral to any specific committee? Constitution Committee and CFC Constitution committee opinion: This is an administrative matter

CFC OPINION • CFC reserves its opinion as the financial details of the Clinic Management software are not included in the proposal

CC Opinion: Dr. Suresh Joshipura: This was already placed 3 or 4 years back Dr. Vijay Zavar : Unfortunately it was not taken up. It is important for members Dr. Manas Chatterjee: Many doctors already have software. They don't want to share database Dr. Vijay Zavar : I have made many enquiries with many software companies. In free software, there are issues like encroachment of security, viruses etc. Paid software claim safety but are costly. Busy Doctor Software comes around 32 thousand rupees with GST which is difficult in the initial years. Dr. Koushik Lahiri said that looking back in the past when Dr. Kuriype envisaged and developed "Computer for all" it was a wonderful step. Many are using software and may not be willing to change. But it is a welcome proposal. Dr. Mahesh Kumar: Whether it is online or offline? Dr. Vijay Zavar: It is both Dr. Koushik Lahiri: Do you have technical expert who can explore this. Whether safe. The Pros and Cons and report in next GBM. Dr. Manish Gautam: Software feasibility was explored during Dr. Venketaram Mysore time. It was somewhere around 15 lakhs. It did not click. Second is all members did not want. Dr. Dinesh Kumar: We need to run a trial with "x" number of members. Dr. Vijay Zavar: Information were collected from vendors, service providers and senior members. Vendor needs 1000 to 2000 members and entails an expenditure of 38 thousand and GST. Through IADVL we can start it by giving 10 thousand and rest the members pay. But will the members pay. Can we start it with a trial of 2000 to 3000 members. Annual maintenance charge will be around 5 laks. Dr. Manas Chatterjee: The backend programme knowledge is important. We need to depute people who have technical knowledge on this of how tech savvy and secure the system is. Dr. Atul Kochhar: Government of India is running the "Ayushman Bharat" on integrated Software. Dr. Venkataram Mysore: Can we refer this to Practice Management Cell to look into the feasibility and suggest actionable? Dr. Sacchidanand: Digital Health India links Government and Private hospitals with it. Since it is a futuristic move, we need IT consultant for IADVL. We should take the opinion of people who are using it. The CC Proposed that this proposal will be worked on based on the above discussions and will come back with a redrafted proposal.

## **CLOSING AGBM 2023 COMMENTS : IT WILL COME AS A FRESH PROPOSAL IN THE AGBM PROPOSALS**

Proposal 7 Title of Proposal: DVL Trust compulsory registration along with membership application of life membership of IADVL

Is any one of the proposer members of CC? Yes Is it related to administrative/policy/constitutional (select one) Yes, constitutional OR I/we are not able to classify and accept ECs view How will it help IADVL? Compulsory registration of DVL trust membership would help to increase members and it will benefit all

If constitutional – will it replace existing clause? Or modify? Give detail of the clause – page no. and clause no. Yes.

Proposal: Compulsory DVL Trust registration of all new LMs at the registration and also the at the time of PLM to LM conversion Do you think this needs referral to any specific committee?

Constitution Committee. Constitution committee opinion: This proposal can be taken up. Also needs the opinion of the Finance Committee.

CCM opinion: Dr. Chetan Patel: Members should be ready to keep contributing and willing to pay for continuity of the Scheme Dr. Vijay Zavar: Initial payment can be be compulsory and it is their choice to continue Dr. Manas Chatterjee: Making compulsory is not good. It is like insurance so cannot make compulsory because it is not legal. Everywhere it

is voluntary, Dr. Sacchidanand: Corpus fund from IADVL be kept for continuity of DVL Trust Dr. Chetan Patel: Member strength is necessary. Only 2 members enrolled in last 6 months. Dr. Jayadev Betkerur: GB did not agree to give IADVL share to DVL share. This happened twice. Negotiation is very discouraging. The CC decided that the proposal be restructured, discussed and placed before the GB. PROPOSALS FROM IADVL CC MEMBERS

NA - Do you think this needs referral to any specific committee? As per constitutional committee discretion. How will it help IADVL? This proposal is made considering the increasing justifiable discontent and insecurity faced by several members of IADVL, especially the younger generation

**Proposal: 1.** IADVL members can teach and train only Dermatologists and plastic surgeons to perform aesthetic techniques, lasers, injectables and other similar procedures. IADVL members are strongly discouraged from imparting such training to any AYUSH physician/ BDS/MDS and MBBS degree holders (who have no formal training in basic dermatology) by way of any course or workshop (sponsored or not non-sponsored), CMEs, lectures etc. 3. An IADVL member may impart such training to an MBBS graduate only when the course/training program is organised by a NMC medical college/institution with a stipulated curriculum or approved syllabus set by competent authorities such as NMC/State Medical Council/ NMC recognized Health University/ IADVL. 4. IADVL/ IADVL academy completely disapproves of any certificate signed/ issued by any member to unqualified practitioners. 5. IADVL/ IADVL Academy discourages any activity of its members that directly/indirectly promotes or encourages any individual to indulge in an act that is considered tantamount to dermatological quackery. 6. We propose that a suitable punitive action be taken by IADVL against those found indulging in such activities. Do you think this needs referral to any specific committee? Constitutional Committee. Constitution committee opinion: This is an administrative issue. A query raised by the Constitution Committee was clarified by the proposers. Proposal can be taken up. CC Opinion: Punitive actions have to be defined stepwise and not just mentioned. Any Clause on removal for IADVL membership as a punitive step should be defined. The proposal was passed in the CCM. Proposed by Dr. Sanjeev Vaishampayan and seconded by Dr. VP Kuriyipe.

AGBM agreed to it.

CLOSING AGBM 2023 DISCUSSION: Approved

Proposal 7 Title of Proposal: Restructuring DVL Trust

## **CLOSING AGBM 2023 DISCUSSION:**

Dr. Sribiju : IMA Kerela is giving 2 crore to the beneficiaries. We should work out so that at least 20 lakhs can be given. Only 560 members were there till now.We should atleast make 2000.

Dr. Vineet : It has to be made compulsory otherwise there is no way out.

Dr Dinesh: Restucture it

Dr. Jayadev Betkerur : City or State Branches can take the initiative to pay the initial amount and recruit people in the DVL like IDAVL, Karavalli Chapter has been doing.

Dr. Venkataram Mysore : We should hire a professional to do the restructuring of DVL

Dr. Jayadev Betkerur : That will restructure the adminisitrative part . the question here is how to improve the membership.

Dr. Vijay Zawar : Wheher it can be brought under IADVL umbrella and IADVL HQ

Dr. Jayadev Betkerur: These are trusts registered under Charitable Insititutions. Even in IMA a separate body controls it with representative from IMA. So it has to be separate but under the umbrella of IADVL.

Dr. Suresh Joshipura: It is already registered in Baroda,it has to be transferred to IADVL.

Dr. Vijay Zawar : Can IADVL do the initial funding for its members to join the DVL.

Dr. Rashmi Sarkar : lets restructure and come us in the EC meeting. Till then we have nothing concrete.

Dr. Dinesh Kumar : IMA amount is much more and people are paying. Here we are getting defaulters. People are not ready to pay . So continuity of payment is also needed as well as increase in number of DVL members.

Dr. Vijay Zawar: we should make it compulsory for those contesting elections, Committee chairs and convenors, EC members, Academy members, SIG members..

Passed by house. DVL compulsory for those contesting elections, Committee chairs and convenors, EC members , Academy members, SIG members.. . Proposer: Dr. Biju Vasudevan. Seconder : Dr. Kuriyeppe

## **Proposal 9 Title of Proposal: Clinic Management Software**

Dr. SashiKumar : Pharmacy to be integrated in this soft ware.Initially for 2000 members free of cost for 1 year, later Rs 2500 per year.No financial implications for IADVL.

Dr. Vinay Singh : It may promote quackery, later the soft ware company people will take over.

Dr. Sashikumar : It is the company which issued Covid certificates.No financial stake.

Dr. Jayadev Betkerur: There is a moral obligation.So how is that IADVL is responsible if there is any problem?

Dr. Sashikumar: It is a commom agreement between member and software company.

Dr. Dinesh K : We can run this through legal retainer.

Dr. Narendra Patwardan: Do it for 2 months

Dr. Sashikumar BM: To take legal opinion on MOU and later we can promote.

Dr. Vijay Zavar : You can leave the pharmacy part of it.

Passed in the house. An MOU is to be made between the IADVL and Software party keeping the moral obligations of IADVL in this stake and run it through the legal retainer . Proposer : Dr. Manjunath Shenoy and Seconder : Dr.Md. faizal

#### **Proposal 10 Title of Proposal – Additional Role of Vice President.**

Dr. Dinesh Kumar : For the Headquarters supervision, we have the headquarters committee.

Dr. Nirmaladevi P: Job responsibilities not defined in constitution.

Dr. Jayadev Bekerur: The Vice President has to be there in the Scientific Committee of the zonal Conference . Finances also has to be scrutinized by the VPs . Because otherwise IADVL has no such role in the zonal conferences.

Dr. Dinesh K : This time only there was a problem with one of the Dermazone organizers otherwise it has always been that EC coordinators have been part of Dermazone

Dr. Vijay Zavar: The EC is like a team and jobs are delineated by the President arbitrarily by the President to the VPs and JSs depending on the work and the trust conferred

Dr. Vineet Relhan: We are looking for CEO s and we are not using the VPs and JSs. Why not utilize them.

Dr. Vijay Zavar : Both in Dr. Rashmi's tenure as well as my tenure the EC has been functioning as a EC liason person.

Dr. Nirmaladevi P: But it is not mentioned in the constitution.

Dr. Vijay Zavar: The SOP committee should be sensitized on this issue .

Dr. Dinesh K : The bottomline is to give more visibility to the Vice Presidents. In committees there job is only as liason person.

VZ : More streamlining or defining the role of VP and JS . The SOP Committee need to work on that.

#### **Proposal 11 Title of Proposal – Additional Role of Joint Secretaries**

Passed by the house. Proposed by Dr. Biju vasudevan and seconded by Dr. Yogesh Marfatia.

#### **Proposal 12 Title of Proposal: Dr AK Bajaj memorial award**

Dr. Ankur Talwar said that the award be instituted in the field of Contact Dermatitis as Dr. Bajaj was known for his invaluable work in this field. His wife, Savitha Bajaj, will bear half the cost of the award and half will be borne by the UP and UK Branch. They are interested that the award be given at DERMACON

Passed in Principle by the house. Proposer Dr. Asokan. Seconder Dr. Suresh Joshipura. It is to be decided whether the award is to be instituted in the MIDDERMACON or DERMACON as the Awards Committee as well as the house felt that already lot of awards are in DERMACON and hence will dilute the value of the award, so having the award at MIDDERMACON will give better weightage, allow a right candidate to get the award and also boost the conference. The criteria of the award be properly laid out and placed in the opening AGBM 2023.

The criteria should be properly laid down by the Awards Committee for the institution of new awards in the name of a person

Dr. Rashmi Sarkar: Let them rework and come back.Let GBM decide.

Dr. Venkataram Mysore: Clarity to be achieved.Are we having criteria? Award committee should come up with criteria.

Proposed : Dr Asokan, Seconded: Dr Joshipura

#### **Proposal 13 Title of Proposal: Dr Mohan Gharpuray and Dr P B Joshi Awards**

The proposers want an award in the combined name of Dr. Mohan Gharpuray and Dr. P B Joshi which is the first of its kind. Dr Venkataram Mysore felt that there has not be been any precedent on this where ther is an award in the name of two persons and it is not good either. Also it was discussed that the National Awards should be instituted in names of members of national stature and national contribution. The propsers want the award to given to a young dermatologist below 45 years on clinicohistopathological correlation. They are open to giving it on MIDDERMACON as suggested by the awards committee as said by Dr. Vijay Zavar. But the issue on whether an award with two names can be started and on the suitability of a National Award has to be worked with the Awards Committee and the criteria has to be reworked before placing in the upcoming CC meeting in August 2023. The Proposers had to liaise with the Awards committee through the Secretary Genral and EC for reworking the award.

Dr Savitha explained to Dr Joshipura that the figure is percentage of total registration amount. It was accepted by GBM. Proposed by Dr Kuriepe and seconded by Dr Joshipura

Dr Savitha asked permission of GB to continue auditor Mr Sanjay Lal which was granted.

Dr Savitha asked regarding continuing legal retainer, his hike in fees and charges on case to case basis.

President Dr Zavar was sceptical about paying fees on case to case basis.

Dr Raghunath Reddy suggested to negotiate with Lawyer. Lot of discussion was done regarding fees, to delegate to state or not, appointing local lawyer to cut down travelling cost. Dr Jagdish shared his talk with advocate. The Lawyer asked for 10000 /month for MOU as retainer. And the charges for case to case basis was between 5000-20000, to issue notice to quacks. Not ready for fixed amount due to travel cost and assistants. Dr Zavar asked about finding other lawyer. Dr Patel suggested that state should fight anti-quackery case and not central IADVL. So need for budget. Dr Sharma suggested to negotiate and Dr Rashmi agreed to it. Dr Chetan Patel shared his experience in Gujarat where they do not give retainer fee. They have fixed charges for case to case basis where maximum is 20000 rs. He suggested to negotiate. And opined that Rs. 5000-11000 is reasonable. Dr Patel asked about where the cases were filed. Dr Rashmi madam explained that 2 places advocate went and expenses were given by IADVL. Dr Sharma asked about outcome of these cases. Dr Asokan said it is better if centre fights the cases and not state. Dr Rashmi suggested to earmark the budget for it and see. if it exceeds the CC can decide to grant or not.

Dr Dinesh, Secretary General, asked permission of house to empower EC for the legal retainer matter. Ultimately the

GBM empowered EC to take decision on the legal retainer matter of fees GBM agreed to continue the legal retainer and 10% hike in fees. Dr Angoori Rao proposed and Dr Faizal seconded.

2. Dr. Depti Desai LM/M/908
3. Dr. Sudhir Mednekar LM/M/11087
4. Dr. Mahesh Patil - LM/M/12278 (Dr. Mahesh Patil)
5. Dr. Smita Ghate LM/M/13477

Is any one of the proposer members of CC?  
No

Is it related to administrative/policy/constitutional (select one) OR I/we are not able to classify and accept ECs view

Policy

How will it help IADVL ?  
Brief introduction.

Attending the general body meeting of the association is the right of the life member of the association. As understood for a matter of convenience the annual general body meeting (AGBM/GBM) of the Indian Association of Dermatologists, Venereologists and Leprologists (IADVL) is held at the venue where the annual conference of association is organized.

It is observed that the attendance of the life members of the association in GBM is very very poor as compared to their participation in conference at the same venue.

It is a general misconception amongst the lay life members of the association that the registration of conference is mandatory for attending the GBM, whereas the fact is that the registration/participation at conference and attendance at GBM are two independent things. It will help to improve the attendance of life members of association at GBM.

**Proposal:** (It should be properly drafted)

Any Notice of GBM of IADVL National to be send to the life members and any brochure of the conference which mentions about the date and venue of GBM should mandatorily mention the following note prominently.

**"The registration of conference is not mandatory for the Life members of the IADVL to attend the General Body Meeting (GBM). The Life Members of association can directly attend the GBM without registering for the conference."**

**Do you think this needs referral to any specific committee?**  
Please note that EC may decide to refer if it thinks it is necessary.

No.

**Constitution Committee opinion:** Admission to AGBM is a right of the member and hence this is a valid proposal. However, it has administrative implications as to how that person will enter only into the hall where AGBM is conducted and this needs to be debated by the EC and GB.

This proposal was not discussed as proposer and seconders were not present in GBM.

## Proposal 2

### Title: Only Degrees and Diplomas recognised by NMC should be criteria for IADVL Life membership

Secunder Name and LM Number:

Dr Vinay Singh

Is it related to administrative/policy/constitutional (select one) OR we are not able to classify and accept EC's view.

Constitutional

How will it help IADVL? Brief introduction.

IADVL has members who have passed Dermatology as additional qualification after M.B;B.S. as per erstwhile MCI and NMC guidelines.

We must define the qualification to join IADVL as per the norms laid down by National Medical Commission ONLY.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.

Page 10, Section B, Clause 1 (a)- modify only

Proposal: (It should be properly drafted)

Only degrees and diplomas recognized by a pan India governing body should be the criteria for IADVL membership. Only M.D., DVD,DDV,DDL or DNB should be the criteria for life membership of IADVL, if state recognized bodies like CPS are included then other states with certificate courses will push for membership which will create quackery. If CPS is recognized by NMC then only it should be allowed as a criteria to grant membership of IADVL.

Do you think this needs referral to any specific committee? if yes then which committee?

Constitution committee

**Constitution Committee opinion:** This issue was debated, and a legal opinion was supposed to be obtained and is pending for two years. The legal opinion needs to be placed in the AGBM along with this proposal.

**Legal Opinion:** Adv Amitava Acharjee IADVL Legal Retainer

A zoom meeting was held at 8:20pm on 26/07/2022 with IADVL legal retainer advocate Amitava Acharjee and CPS committee Chair Dr Sanjeev Vaishampayan, IADVL President Dr Rashmi Sarkar and IADVL Secretary General Dr Dinesh Kumar D, where the recommendations of the CPS committee was discussed. The documents of the proposals pertaining to CPS issue, AGBM, committee report was all circulated before the meeting.

The IADVL Legal retainer Advocate Amitava Acharjee was of the opinion that the States are bound by the Central law in all spheres and hence if the National Medical Council erstwhile MCI has not recognised CPS DDV then the CPS DDV should not be given Life membership by IADVL in contravention to the Central Statute. CPS DDV C should be given ALMship. As FCPS is recognised by NMC erstwhile MCI, FCPS holders can be given LMship.

#### **Discussion-**

Only proposer was present in GBM and no seconder were present.

Dr Arijit Condoos suggested to discuss as proposer is present.

President Dr Zavar, asked about date of submission of proposal and opinion of Legal retainer. He pointed out that the opinion of legal retainer was taken much ahead of the proposal randomly by previous EC. Dr Nayan Patel said it is not at random as he was part of committee then. Dr Nayan Patel suggested to consider legal retainer's opinion regardless of date as the issue is going on for 2 years. Dr Zavar said the issue was over at DERMACON under Dr Jaydev's tenure. Dr Dinesh briefed the position about the issue. He also mentioned sequence of events for CPS issue. Dr Patwardhan pointed out that the MCI is not recognising CPS for some political reason as the FCPS of same institute is recognised. Dr Raghunath suggested for referendum and put to vote as this is a recurring issue. Dr Vinay Singh explained why he brought this proposal to avoid membership problems when one migrates from one state to another.

Dr Zavar appraised the house that one state cannot add or delete member on their own. The president is receiving maximum complaints from Gujarat. Secondly the one state council cannot cancel additional registration given by other state council.

Dr Jay Gupte had echoed same sentiments and said our own IADVL is having problem to give LM ship to CPS. Dr Jay Gupte read the NMC website notice dated 5 May 2010. Then Dr Nayan Patel said that in 2016 MCI issued notice to derecognise CPS after that no new stand on CPS. Dr Chetan Patel pointed out that the state medical council issues NOC only for MBBS and not additional degree for migrating member. Dr Jay Gupte said the CPS is recognised by MMC and MMC is recognised by NMC, so we should also offer LMship to cps. Dr Nayan Patel commented on quality of education of CPS. President objected saying we are not here to assess the quality of education. Dr Akshay Jain said we should accept the opinion of our legal retainer and not waste GB time. Dr Gopikrishnan reiterated Dr Raghunath Reddy's stand. He said put all information on website for and against CPS issue and then let voters decide. Dr Jitendra Modi said NMC is superior body. Dr Rashmikant Shah said as I am member of MMC and my additional qualification is recognised by MMC, I am Life member of IADVL and such is scenario of CPS holders also.

Finally the E voting was decided. Secretary General Dr Dinesh summarised and asked for status of CPS members till voting result in November. Dr Jay said to keep status quo. Dr Sunil Vartak stressed on status quo. President said the status quo has to be there as per constitution. Dr Mukadam pointed out contradictory decisions taken in different AGBMs. Dr Bhushan agreed with status quo.

The GBM decided 3 months' time for the election. The status quo for the period of 1.5 months was agreed

GBM empowered EC for proceedings. Dr Yogesh Marfatia proposed, Dr Raghunath Reddy seconded.

IADVL members will have a uniform professional indemnity insurance cover which INCLUDES all procedures done by Dermatologists and the staff negligence is also covered by the insurance policy.

Proposal: (It should be properly drafted)

It is proposed to have uniform professional indemnity insurance coverage where the procedures are covered and any mistake by clinic staff is covered. The coverage is for anywhere practice in India and is not restricted to Only one incident, the insurance provider will help in assistance from drafting the case, to finding appropriate lawyers, to file case and assist till the decree or out of court settlement. I have got Delhi state branch members covered as in above during my tenure of President of the state branch in 2020 after finding that ONLY Cover You is giving all the benefits. We can extend the same benefits for all our members on a voluntary basis where IADVL will not have any financial obligation.

## **Constitution committee opinion: This is administrative and financial**

Dr Talwar- Asked about premium and fight in court

Dr Vinay- 8000 for 1 crore per year. No limit of cases. But for IADVL 7600 for 1 cr and they will fight in court. And ,not individual doctor but they will fight as IADVL.

Dr Zavar – We have DVL with us so why not to go with it

Dr Chetan Patel-Told about DVL and indemnity clause. There the clinic staff can also be insured. The clinic is registered with it. Dr Talwar asked if 3 doctors in clinic are they insured. Dr Chetan Patel said no. Dr Manjunath Shenoy asked about 2 clinic of one doctor. Dr Patel replied, it has to insure separately

Dr Vinay Singh said the insurance company will fight as IADVL and not as individual.

Dr Subbarao said if the case is lost the IADVL will get bad name.

Dr Zavar- Asked Dr Chetan and Dr Vinay to discuss among themselves about different aspects and present in CC meeting as a proposal.

Dr Chetan Patel- Told about DVL. Now 570 plus member. The nominees get 2 lakhs only .Lost 14 members last year. Asked how to increase the amount?

He said increasing numbers of members not the amount will help.

Dr Zavar suggested DVL revamp as it is important. He said inspite of all our efforts we could not increase members.

Dr Chetan Patel- We need to increase awareness through social media, and we need to inform our members about benefits as compared to term insurance.

Dr Raghunatha- make it mandatory for IADVL member taking any post in IADVL

Dr Zavar stressed the importance of making it compulsory for members taking any post at state or center.

Dr Talwar- DVL has separate pan card and not IADVL body.

Dr Raghunatha suggested amalgamation of DVL and IADVL.

Dr Talwar said yes and headquarter to be shifted to IADVL headquarter

President Dr Zavar asked if DVL brought entirely under umbrella of IADVL ,will it work better?/?/?

Dr Patel-No I don't think so. Dr Zavar-why?

Dr Patel -Important is increase in membership. it is duty of IADVL and members.

Dr Dinesh said lot of intricacies involved in day to day activities so bringing DVL to headquarter is not practical.

Dr Zavar said DVL has separate general body. He said members think DVL as different from IADVL and they say IMA has good security scheme.

Vice President Dr Shashi- We cannot transfer DVL headquarters to Delhi due to many practical difficulties. DVL is registered under trust name and getting benefit from the government. IADVL cannot transfer amount directly to DVL as both have separate PAN, and we are under GST. He proposed to induct new members as supporting members. The office can stay in Vadodara and administrative headquarter office will be IADVL office. Dr Zavar- Dr Patel is very sincere and passionate about his work in DVL, but we need to be more productive.

Dr Dinesh- Dr Patel has done wonderful work and onus of increasing membership is with IADVL members.

Dr Shashi- DVL trust information can be displayed on our website and can be managed through website.

Dr Asokan- Improve membership by compulsory enrolling of our members. Also increase death remuneration from 500 to may be 1000 or more.

Dr Zavar- IADVL to contribute half fees for new members of DVL

Dr Marfatia- To incentivise the scheme, to reduce fees while converting from PLM to LM.

Dr Chetan said to popularise DVL by telling advantages of scheme such as-You can join at age 80 also, this is the only

scheme where spouse can join.

Dr Chetan-Plan is once the corpus increases then we can distribute profits to members like health check-up etc.

Dr Zawar –We can make it compulsory for members for certain period.

GBM agreed for compulsory membership for election candidates for both state and center and for EC, for SIG members and committee members and awardees.

Dr Lalit Gupta- Provide link or QR code for DVL on IADVL web site.

Dr Chetan-Give discount to DVL members in DERMACON Registration fees

Dr Zawar- The corpus of DVL can be increased by infusing fund from IADVL and to keep it reserve for death remuneration.

Dr Vinay agreed to it.

Dr Kurieyep- You need to revamp DVL thoroughly. Painful decisions has to be taken. Take it under IADVL.

Dr Chetan Patel-We want only 50 new members per year that will be enough.

President Dr Zawar asked house if it agrees to infuse some corpus from IADVL to DVL trust and how much. We need to have good amount.

Dr Sribiju- We should try to give atleast 20 lakhs to DVL from IADVL

Dr Dinesh secretary asked Dr Patel and Dr Zawar to discuss and decide the amount.

Dr Subbarao- Don't transfer it directly, fix it in FD.

Finally, GB agreed to compulsory membership to committees, SIG and Election candidates, for different awardees also the DVL membership made mandatory.

and a corpus of Rs. 20 Lakhs.

Dr Savitha asked about the technicalities of transfer. Dr Marfatia said we can discuss modus operandi later on.

Dr Marfatia proposed and Dr Subbarao seconded.

### Constitutional

#### How will it help IADVL?

In view of the more elaborate and stringent financial rules & regulations being implemented by the government, increasing work load on IADVL EC and IADVL's growing assets, the Central Finance Committee (CFC) needs to be involved more effectively in the routine management of IADVL's finances.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.

#### Proposal: (It should be properly drafted)

1. CFC should be an autonomous Standing Committee appointed by the AGBM with a term of 3 (three) years. It should report to the Central Council/General Body of IADVL, not IADVL EC.
2. CFC Chair should be selected by application and approved by AGBM in a process similar to selection of Academy Chairperson and Journal and Textbook editors. Only Past Ex-officio members of the CFC should be eligible to apply for the post. A three member selection/search committee should be appointed for this purpose and the recommended name be approved by AGBM.
3. Immediate Past Treasurer should become the Convener of the CFC. He becomes eligible to apply for the post of CFC Chair after completion of this tenure.
4. Incumbent Treasurer, IADVL remains an ex-officio member of the CFC and his duty will be to co- ordinate with IADVL EC as the EC Coordinator.
5. CFC needs to be expanded to the strength of 18 members: 12 members (including its Chairperson) selected and approved by the AGBM, Immediate Past Treasurer as the Convener of the committee and 5 Ex-officio members (President, Secy. Gen., Treasurer, Academy Chair, Editor IJDVL). Out of the 12 members, four should retire every year and be replaced by fresh four members in AGBM.

6. CFC's meetings should be called by the Chairperson of CFC, not by the President, IADVL.
7. There should be mandatory meetings of CFC with IADVL EC during CCM/AGBM, that is twice in a year and half a day must be reserved for this meeting.
8. A separate standalone meeting of CFC to discuss all financial issues must be held during each financial year - similar to Journal, Constitution committee and Academy meetings, and it should be a day-long meeting at IADVL HQ. Auditor & his team, accountant, Finance Coordinator at HQ (to be discussed later in the report), invited finance advisors should attend this meeting along with full strength CFC. In order to emphasize the increasing complexity of finance and the role of treasurer, all state treasurers also should be invited to this meeting.
9. CFC should also have their internal online meetings around the end of each quarter of every financial year, totaling 4 meetings in one financial year.
10. CFC Chair/Convener should present CFC's report in every CCM/AGBM and 1 hour must be allotted in the meetings for presentation and discussion of financial matters. This report must be published in IADVL Newsletter which should be circulated online 1 month prior to the CCM/AGBM and printed copies of which must be handed over to the members of IADVL physically present in the meeting.
11. The committee should have 3 (Three) subcommittees with 4 (four) members in each:
  - a) To supervise and scrutinize Conference accounts: "Conference Accounts Subcommittee"
  - b) For internal scrutiny of all other IADVL accounts: "Internal Accounts Subcommittee"
  - c) To plan/supervise IADVL's investments: "Investment Advisory Subcommittee"
12. With the formation of these 3 subcommittees, CFC should be renamed as "Central Finance Supervision & Advisory Committee" – the CFSAC.

Do you think this needs referral to any specific committee? if yes then which committee? Constitution committee

- Please note that EC may decide to refer if it thinks it is necessary.

Dr Savitha said the objection of EC is to point no 6 about meeting of CFC is called by CFC chairman and not by President

Dr. Sanjeev Vaishampayan- they should be under EC and no other head.

Dr. Sribiju: The committee should not surpass EC

Dr. Suresh Talwar: it should be under EC

Dr. Joshipura: it should be under EC subcommittee is also under EC

Dr. Mukesh; They may be independent body but Committee should report to EC

Dr. Talwar: Point 5 is more important. The committee is selected by AGBM. Not much importance given to finance of IADVL.

Dr Sanjeev the EC is selected by all members while GBM is attended by few. CFC and EC should work hand in hand.

Dr.Zawar: from next year it can be implemented

Dr Manjunath said the proposal needs some changes and put up in CC.

Dr. Rashmi also suggested the same

Dr Talwar- Some of the points can be decided now also. Every time the meeting has to be with EC only

Dr Rashmi said CFC can have internal meetings of their own and inform EC about it. It happened last year.

Dr Savitha, Treasurer pointed out that until now President Elect was not part of CFC. Dr Rashmi said as an observer president elect should be there. The house agreed.

Dr Kuriyipe said EC should be more powerful.

Dr Manjunath, President Elect, said this CFC proposal drafted when the issue of Rs 14 Crore was there and emotions were high. Now the issue is solving. We should consider this.

Dr Talwar said the finance of IADVL needs more attention.

Dr Sanjeev Vaishampayan- Except the autonomy of CFC rest of proposal is fine.

It was decided that the CFC would not be an autonomous body, it would continue reporting to the EC. Points 5 -10 were accepted. The other points were to be reworked and presented in the Central Council Meeting of August 2023.

Is it related to administrative/policy/constitutional (select one) OR we are not able to classify and accept EC's view.

## **Constitutional**

How will it help IADVL? Brief introduction.

IADVL Pan is used by DERMACON and MICDERMACON conference. If there is any error or delay in filing the income tax returns or GST, then IADVL has to bear the liability and fine. The following proposal will aid in timely filing of the IT and GST, and help IADVL auditor and EC to monitor the accounting of the conference, so that any lapses can be rectified timely.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.

Proposal: (It should be properly drafted)

1. The MoU signed by IADVL, Conference Organizing Branch and Organizing Committee to contain a new clause that will make it mandatory for the organizers to appoint a local auditor and accountant to manage the conference accounts and as soon as the conference bank account is opened using IADVL's PAN, the conference Treasurer will share these two persons' names, phone numbers and email ids with IADVL Treasurer who will forward the same to IADVL's Auditor. The organizing committee shall also avoid all conflicts of interest in the appointment of these two functionaries and declare that both are not related to either the event manager or the office bearers.
2. The local conference accountant will record data entries related to the conference finances in tally software on day to day basis and file GST return of the conference.

He/She will mail tally data pertaining to each month to the IADVL Auditor within the first 15 (fifteen) days of the next month.

If the IADVL auditor does not receive data continuously for two months from the conference accountant, then the matter will be reported by the auditor to IADVL Treasurer and CFC chairperson. If the matter is not resolved within 30 days of his communication to the Treasurer and CFC chairperson, IADVL auditor will report this matter directly to IADVL President & Secretary and all the members of CFC by mail.

Designated Auditor/Accountant of the conference will also share the login ID and Password of GST portal and if any change is made in the GST password, the new password will be immediately sent to the IADVL Auditor.

If any discrepancies in accounts maintaining, any lapses in GSTR filing and/or TDS related issues are noticed by the IADVL auditor's office during the run-up to the conference, he will report the same to IADVL Treasurer who will arrange for a physical visit of the auditor's team to the conference host city after consultation with IADVL EC and the conference Organizing Committee.

Within the first 3 (three) months of completion of the conference, all the conference accounts will be completed and made available for audit. The auditor of the IADVL will contact the treasurer of IADVL to start the audit of the conference and the team of the IADVL auditor will visit the office of the conference to complete the audit with the support of the local accountant/Auditor and organizing committee. If the conference organizing committee does not give permission for the start of the audit at that time, the IADVL Auditor will report this to IADVL EC and to CFC chairperson. If the matter is not resolved within 15 days, the IADVL auditor will report this matter to all CFC members by mail.

Do you think this needs referral to any specific committee? if yes then which committee? Constitution Committee

**Central Finance Committee Opinion:** This can be taken up in AGBM

- Please note that EC may decide to refer if it thinks it is necessary.

Dr Savitha the proposal says to appoint local auditor while it is better to say auditor/accountant.

Dr Talwar- Accountant can't file GST.

Dr Savitha –It was decided in GB that the GST part will be done by Central Auditor.

Dr. Mukesh- Two Chartered accounts can work together

Dr Talwar-They appointed accountant so these problems came.

Dr Savita: in Pune DERMACON IT filing done by local Chartered account but GST filed by central auditor.

Dr Sribiju: will it be same for MIDDERMACON?

Dr Dinesh –Yes, we will file it, you [MIDDERMACON] will pay it.

Dr.Suresh Talwar; IT also filed by central auditor

Dr. Mukesh suggested CA, local Accountant but Auditor can be kept

Dr Savitha- Summarised that local auditor will be appointed and they will share their work of GST with central auditor

Dr Dinesh appreciated work of Dr Savitha as a Treasurer.

IADVL members are severely affected by rampant quackery in every corner of our country, formulating policy as per recommendation by ITAQ ( IADVL task force against quackery ) will help in curbing the menace.

Proposal:

**DERMATOLOGIST CANNOT TEACH/ ISSUE CERTIFICATES TO DOCTORS/LAYMEN**

Dermatologists cannot teach Doctors/Laymen other than Dermatologists. If so, then it is a violation of the Indian Medical Council Act 1956 and also the Indian Medical Council- Professional Conduct Etiquette and Ethics Regulations 2002. (7.10)

Dermatologists cannot teach advanced dermatology, or advanced dermatological procedures or give training or certificate courses as it opens a path of Quackery which can mushroom in future as such certificate holders may label themselves as qualified "Dermatologists".

However, dermatologists can train their own staff and can allow them to work under their guidance without issuing any certificates.

All the dermatologists engaged in issuing certificates should refrain from doing so.

A stand alone clinic or a chain of clinics is not an institution to train and certify, and stands illegal.

DocuSign Envelope ID: 73B4C2A0-6BED-4052-AD13-3E9B1C774B95

All such certificates shall be deemed to be considered defunct and IADVL must advertise in various newspapers and electronic media stating so.

However, if a dermatologist plans to upgrade skills, IADVL holds many free of cost hands on programs in various cities where a certificate is issued to an attending IADVL member.

If a dermatologist is found not to be complying with the policy drafted by ITAQ, the membership must be suspended.

Do you think this needs referral to any specific committee? if yes then which committee?

Practice management cell & EC

- Please note that EC may decide to refer if it thinks it is necessary.

This was passed in CC meet

Dr Zavar exemption is Govt courses where one has to teach mixopathy candidates.

GB agreed to proposal.

Punitive actions to be decided.

Dr Sanjeev Vaiashampayan- Can we take punitive actions?

Dr Talwar –Why can't we train our own assistants without giving them certificate?

Dr Zavar suggested first action as warning, second –stronger action and 3rd may be removal of membership

Dr Sanjeev proposed and Dr Kuriyipe seconded.

### **Is any one of the proposer members of CC? /Secunder members of the cc? If yes mention: Many people are of the CC**

Is it related to administrative/policy/constitutional (select one) OR we are not able to classify and accept EC's view? It is related to Constitutional

How will it help IADVL? Brief introduction. IADVL is going to recognize people who have worked for IADVL and the secretary generals who sacrifice their personal time, practice, and space work for the betterment of IADVL for 2 years and it is good that IADVL has somewhere to pay back the secretary general who contributed to IADVL.

If constitutional – will it replace the existing clause? Or modify? Give detail of the clause –page no. and clause no.NO, it will add a new clause to the constitution

Proposal: (It should be properly drafted)

We propose that the Secretaries General of IADVL contribute a lot of their personal, academic practice, professional time and space to IADVL, and most of the time their services are unnoticed and not given due credit also the number of secretaries generals are less as compared to the presidents and the Secretaries General are fewer in numbers as most of them are deceased by now and most of the Secretaries General have gone to become president are few as compared to the number of past Secretaries General are currently present, so we propose that the registration of all DERMACON should be made complimentary for anybody who has served IADL as its Secretary General for their life time.

Do you think this needs referral to any specific committee? if yes then which committee? Yes, Constitutional committee and central finance committee

- Please note that EC may decide to refer if it thinks it is necessary.

Dr.Zavar- Send a notice to Bhalani, that contract is ending

Dr Manjunath asked Dr Sacchinand about experience with Bhalani. Dr.Sacchidanand-They're slow in processing they are capable but delay for one year for fifth edition. They are fast in communication and their International presence is less

Dr. Jayanthilal Patel showed that IADVL text book binding is not good
